

About Us

Leadership Collective Australia (LCA) brings together exceptional cohorts of ambitious, talented and experienced Executives from diverse sectors.

Fluffy articles, conferences and fashionable media channels offer limited value when it comes to the topics important to COOs and GMs.

LCA takes a unique approach by supporting Senior Executive to derive practical benefits by being part of a dedicated membership-based peer group.

Our Roundtable groups are made up of a team of 12 non-competing members. These members count on their peers to provide fresh perspectives, new ideas and solve the most pressing business issue and concerns at regular group meetings.

COO – GM Roundtable

COO – GM Roundtable is a high level, peer support / networking cohort for 12 like-minded, non-competing COOs & GMs.

The bar is now even higher for the modern Senior Leader.

For many Senior Executives, the function continues to expand in scope requiring the contemporary Leader to strengthen their management capabilities in areas such as; regulation, globalization, embracing technology, risk, setting the strategy, reporting, transformation, financial concepts, stakeholder management plus managing talent and capability.

This high level peer-based program equips you, as a modern Executive, with the knowledge, skills, and network you need to successfully increase both company performance and personal productivity.
